### **Over €3K for Malahide Retirement Group – Kennedy**

Dublin North TD Michael Kennedy (FF) has welcomed the news that over €3,100 has been awarded to the Malahide Active Retirement Association for the provision of security measures for its members in their homes.

Deputy Kennedy said: “Having previously been awarded monies under the same funding scheme, Malahide Active Retirement Association has again been successful in securing funding of €3,154.”

“The group will now administer these funds to provide its older members with socially monitored alarms, security lighting, smoke alarms, door and window locks.”

“It is important to acknowledge the invaluable work carried out by local voluntary organisations like the Malahide Active Retirement Association in bringing the benefits of this scheme to older members in their communities.”

“This voluntary activity is essential to the operation of the Scheme of Community Supports for Older People. I believe this funding will greatly improve the security and support offered to vulnerable older people throughout the Malahide and its environs,” concluded Deputy Kennedy.
